

File Mover

MULTIMEDIA MEMORY CARD READER & WRITER EXPRESSCARD134

COMPATIBLE IN
MACBOOK® PRO, AND
WINDOWS® NOTEBOOKS
WITH EXPRESSCARD® SLOT

Copy picture files from your digital camera's memory card to your computer.

Easy Access to All of Your Gadgets' Data

Sonnet's 21-in-1 Multimedia Memory Card Reader & Writer ExpressCard/34 is a Simply Fast™ solution for moving files between your electronic devices' memory cards and your notebook computer's hard drive, with no cables required. This handy device works with the most popular memory card formats, including Memory Stick™, MMC (Multimedia Card), SD (Secure Digital), XD-Picture Card™, and all their variations—wide compatibility enables you to work with memory cards used in devices such as digital cameras, cell phones, MP3 players, digital picture frames, and more!

Wonderfully small, the Multimedia Memory Card Reader & Writer ExpressCard/34 inserts flush inside your MacBook Pro or Windows notebook's ExpressCard slot so you can store it there when it's not in use. Its ingenious design enables it to accept all the compatible memory cards through a single slot—just push the card in. When you're done transferring files to or from the memory card, just push it in further, and it pops out. Imagine transferring photos, data, games and music files to and from your memory cards—without cables, without another gadget to pack, and without draining batteries—at speeds up to 480 Mbits/s!

Key Benefits

- ▶ Reads from and writes to all Memory Stick, MMC, SD and xD-Picture Card memory cards
- ▶ Compatible with MacBook Pro and Windows notebooks with ExpressCard slot
- ▶ Fast file transfers between memory card and computer without cables
- ▶ Inserts completely into slot with no protrusion—may be left in all the time
- ▶ Plug and play—no drivers to install

Mac Compatibility

- ▶ MacBook Pro (15" and 17")
- ▶ Mac OS X Version 10.5 or 10.4

Windows Compatibility

- ▶ PC notebook with ExpressCard/54 or ExpressCard/34 slot
- ▶ Windows Vista
- ▶ Windows XP SP2
